

Resume for: JOHN SHELLEY

1345 Old North Main St. Laconia, NH 03246

Phone: (603) 387-1206; email: ovationdream@gmail.com

EXPERIENCE:

2001 - 2014: VP, Data Management Systems; DSCI Corporation

Utilizing **MSSQL** and **VS.NET**, I was the architect and lead developer for the billing, customer management, and operations software for DSCI, a \$50M telecommunications company. This data intensive system services over 3,000 customers with over 25,000 active services, 120,000 billable items, and processes over six million call records per month. **AGILE** principles of design and development allowed me and my team to quickly meet the ever changing demands of the company and the telecommunications industry. Design was always done with extensibility and future enhancements in mind.

1999-2001: Senior Director of System Design and Database Administration; Digital Broadband

Responsibilities included design and ongoing development and integration of billing systems, accounting systems, and inventory management systems. Supervised a team of developers in these projects, and reported directly to the CTO. Through our in-house software, we were able to save the company over half a million dollars.

1999: Director of Information Systems, Digital Signal Communications

Ongoing design and maintenance of all information systems including hardware, software, and networking systems. Supervised developers and network engineers.

1995-1999: CIO, College Billing Inc.

Responsible for hardware and software design and integration including polling devices to gather call data from various colleges and universities; data systems to digest the data; billing systems to create and print multi-paged invoices; accounting system; and the customer management system.

1993 - 1995: Self employed as a contract developer (Soft-Sense)

Clients included Coca-Cola, and WCVB-TV in Boston as well as many clients in the healthcare, telecommunications, and education industries.

SKILL SETS:

Programming: **VS.NET**{VB,C#,ASP}(10+yrs); **MSSQL** (10+yrs); **ASP Classic** (4 yrs); **HTML** (6 yrs); **CSS** (6 yrs); Experience (as needed) with: **Java, JQuery, API integration, F#, VB Script, VBA, NAudio**
Other: **Audio Production** (10+yrs); **Copywriting** (3 yrs); **Video Production** (3 yrs); **Teaching** (2 yrs); **Public Speaking** (10+yrs)

LIFE:

I am extremely healthy and love to stay active. I enjoy hiking, biking, and all water sports. I am a song writer and performer, a children's book author, and a game inventor. I am also devoted to creating a world where people spend more time listening rather than talking, understanding rather than fighting, and building rather than destroying.
